

PRESIDENT URGES CURRENCY REFORM

Legislators See That Situation Must be Dealt With Immediately

INTRODUCED THIS WEEK

Introduction of Administration Measure Will be Made in Both Houses This Week

CROWDS GREET PRESIDENT

WASHINGTON, June 23.—A fixed determination to have currency legislation passed at this session of congress was accepted by the members of the house and senate as President Wilson's text for the currency measure which he personally presented to day to congress assembled in joint session in the house chamber. Both Democrats and Republicans saw in the carefully worded appeal of the president an earnest conviction that the money situation must be dealt with before congress adjourns. And preparations were made to begin committee work on the administration measure which will soon be introduced in the house by Representative Glass and in the senate by Senator Owen. From the rostrum of the chamber the president in carefully modulated tones that carried his words to every corner of the chamber read the brief message he had prepared. Crowded galleries, cabinet officers, senators, representatives, Democrats and Republicans sat in silence as the president with forceful earnestness, told them:

"It is plainly clear that it is our duty to supply the new banking and currency system the country needs and that it will immediately need it more than ever.

Marks Second Appearance

The occasion was the president's second defiance of the custom of 100 years which sent president's messages, long, dull documents to be filed on the floor of the house. A hoarse voiced clerk and the affair moved smoothly. The senate and house gathered in the house chamber where the galleries had already been crowded and members chatted while they awaited the president's coming. The cabinet officers, except Secretary of State Bryan and Secretary of Navy Daniels who with their wives occupied gallery seats, had places on the floor of the house. A joint committee led by majority leader the president and escorted him to the clerk's desk on the rostrum. Mr. Wilson apparently was less nervous than when he first faced the big assemblage of legislators to deliver his tariff address. As he spoke, the gathering sat in attentive silence marking carefully the points which the president's dictation and intonation forced on the attention. When he had concluded there was a burst of applause and he bowed his way out, after shaking hands with Vice-president Marshall and Speaker Clark. At both and senate ends of the capitol and among both Democrats and Republicans tonight the conviction was deeply on currency legislation would result in immediate activity in the legislative branch. Chairman Glass and Chairman Owen, both conferred with the president after he delivered his address and both prepared for the introduction of the administration currency bill which now is being revised in some minor features of phraseology. The bill will go into both houses this week.

Fine Example of English

The first authoritative statement on the president's message was critical and came from Republican Leader Mann of the house. He said the message was a fine "example of classical English" but there is nothing more to it, unless it be considered as a threat that patronage will be withheld until a banking and currency bill is passed.

Representative Mann criticized the bill as "stolen from the Aldrich monetary report with a few radical provisions taken from the Bryan platform mixed in."

Would Call Extra Session

On the senate side many Republicans were of the opinion that the president's message was a flat declaration that congress must act at once on the currency question. They believe it sets a precedent on that point that he would call another extra session of congress if necessary to dispose of the matter. As soon as the bill is introduced both senate and house banking and currency committees will get down to work and early reports on both sides are expected. Senator Owen expects to put the bill in Thursday.

Although a house caucus shall be called for Friday it is probable that it will not take any definite action on the currency bill. The caucus was called to consider the question of a reform of the appropriation system by the initiation of some sort of a budget plan and while the currency question may be discussed action is likely to be deferred, until a special caucus is called later. PELKEY ACQUITTED OF MANSLAUGHTER

JURY BRINGS IN VERDICT AFTER BEING OUT 45 MINUTES

Verdict Was to Effect That Pelkey Was Not Guilty Inasmuch as the Blow He Struck McCarty Was Not Intended to Cause Fatal Results.

CALGARY, Alberta, June 23.—Arthur Pelkey, the pugilist, tonight was acquitted of a manslaughter charge which was placed against him as a result of the death of Luther McCarty, who died in the first round of a scheduled ten round bout at the Burns arena here May 24, last. It was charged by the government that McCarty died from a blow administered by Pelkey.

The jury was out 45 minutes. Chief Justice Harvey's charge was unfavorable to the defendant. He admitted that there was some doubt as to whether the contest was illegal but said there was no doubt that death had been caused by a blow which the jury should consider only as to whether the defendant was guilty of causing the death of his opponent in an effort to win the prize placed upon the contest.

Pelkey was jubilant when he learned of the verdict and declared it was what he expected. The verdict was to the effect that the contest was a prize-fight but that Pelkey was not guilty of manslaughter inasmuch as the blow he struck was not intended to cause fatal results. A big demonstration followed. The announcement of the verdict and Pelkey stepped from the prisoner's box; he was warmly congratulated.

AINSLIE ELECTED CAPTAIN

Williamstown, Mass., June 23.—Rutherford Ainslie, captain of Oak Park, Ill., was elected captain of the Williams baseball team to day.

president made it clear in informal talks with callers to day that he regarded the Owen-Glass bill as primarily in instrument through which an emergency issue—currency of \$500,000,000 would be obtained. The provision to retire the 2 per cent bonds which now secure \$712,000,000 of currency had been omitted from the bill according to information at the white house chiefly because no plan had been perfected to substitute this amount of currency which the volume of business indicated ought not to be withdrawn. It was pointed out that elaborated machinery would be required to fund the two per cent bonds at the same time that \$500,000,000 issue of federal reserve notes was being supervised by the federal board. The president indicated that he felt this was a great problem in itself and he has taken the view that for the present the subject of retiring the bonds should be treated independently.

No Provision for Retirement

Criticism of the bill that have reached administration officials from bankers, center largely on the absence of any provision for the retirement of the bond secured currency Rep. Glass who conferred briefly with the president before the latter went to the capitol is preparing to champion a provision for the retirement of the two per cent bonds by refunding them with three per cent.

Banker Attacks Currency Bill

Chicago, June 23.—James B. Forgan, chairman of the Chicago Clearing House association, president of the First National bank of Chicago and one of the fifteen bankers appointed to answer questions propounded by congress with reference to national monetary matters, today attacked the administration's currency bill. In a statement Mr. Forgan declared that the proposed bill would turn over the bank's affairs to politicians.

"I cannot conceive of such a chaotic measure being enacted into law by congress," he said. "If the national banks should have such a law forced upon them they would have to give up their charters and become state institutions in self-defense."

Mr. Forgan's chief objection is to the federal reserve clause in which the banks, he holds, have no say in the appointing of the reserve board members.

"There is consternation among the bankers over the bill," Mr. Forgan declared. "The measure as it first appeared was not alarming but the changes that since have been made in it alter the complexion of the entire situation."

Will Enter Protest

New York, June 23.—The currency commission of the American Bankers' association held a meeting here today for the purpose of studying the administration's currency bill considering particularly the sections they considered objectionable.

A. Barton Hepburn, president of the Chase National bank of this city, who is chairman of the commission said after the meeting that in view of an announcement that the bill as it now stands is only tentative it was not the association's intention to criticize it, but that a protest against it would be entered should it be introduced for passage in the same form as it was made public. Mr. Hepburn remarked that the commission was opposed to the measure as it stood. It is understood that the commission today drafted a memorandum setting forth its position for submission to the chairman of the senate and house committees having the currency matter in charge.

FAIRBANKS ADDRESSES NEBRASKA REPUBLICANS

BANQUET IS TENDERED HIM BY G.O.P. LEADERS OF WESTERN STATE

Former Vice-president Declares Himself in Favor of Income Tax—Recommends Nebraskans to Adopt a Get-together Policy and Let By-gones be By-gones.

OMAHA, Neb., June 23.—Forget and forgive was the keynote of an address delivered tonight by former Vice-president Charles W. Fairbanks at a banquet tendered him by 300 Republican leaders of Nebraska. The gathering was fairly representative of both wings of the party in this state and good fellowship prevailed.

Mr. Fairbanks had no decided views to express on current legislation nor on Democratic politics, except to touch on the income tax section of the Underwood tariff bill. On this matter he declared himself in favor of an income tax but thought it should be a representative one. The provisions for a minimum of \$4,000 he believed too high and placed the "burden if it may be so called" on a too small number of people.

"As a rule," he said, "every one should bear his proportion of the tax burdens of the people. It makes for better citizenship and in the end is but common justice. The distribution should be so equalized so that it will not be class taxation."

To Nebraska Republicans the former vice-president recommended a get-together policy and that they let by-gones be by-gones.

"No prescriptive spirit should be kept alive," he declared. "No matter how differently good Republicans saw their duty a year ago—that doesn't matter now. The test of Republicanism today is one's loyalty to Republican principles now."

Mr. Fairbanks reviewed the achievements of the party at some length detailing the result of Republican legislation mentioning particularly the interstate commerce law and the Sherman anti-trust laws. These two laws he declared had served to protect the people against railroad and industrial monopoly as had no other legislation ever enacted.

Only United Efforts Successful

Speaking of the future he said: "Now and then we have heard it said that the Republican party has ended its career, that it is a party of the past rather than of the future. Such prophecy is not new, we have heard it proclaimed in other days.

"Circumstances which unfortunately led to party division a year ago no longer exist. The Democratic party is in full power and it can be overthrown only by the united efforts of the great body of those who believe in the soundness and efficacy of Republican principles. Republicans that is to say those who live in political doctrine of the party, are largely in the majority throughout the country. I have no doubt whatever that the logic of events will bring them into co-operation again. This much desired result cannot be accomplished by coercion of any sort; it must come about naturally, by the exercise of a spirit of tolerance and patience; old scores should be forgotten, as President McKinley happily put it, 'it does not do to keep books in politics.'"

The speaker referring to the question of the tariff declared the tariff should be revised with discriminating judgment, he said.

"The light of the best possible tax should be ascertained by a board of experts, so as to safeguard American production without imposing any unjust burdens upon the people."

Mr. Fairbanks declared that the Republican party should stand firm for the integrity of the courts in the exercise of their judicial functions.

"We do not believe," he said, "that the ends of justice will be served by undermining our judicial system, directly or indirectly."

McLAUGHLIN WINS FIRST ROUND FROM ENGLISH CRACK

American Tennis Champion Takes Fiercely Fought Match by Three to Two.

Wimbledon, England, June 23.—The match between the American champion Maurice E. McLaughlin of San Francisco and the English crack H. Roper Barrett who were drawn together in the first round of the English lawn tennis championship here to day, ended in a victory for the Stars and Stripes by three to two. The score: 4-6, 8-6, 1-6, 6-2, 8-6.

The match was fiercely fought throughout and went the full length before the youthful competitor was able to overcome his English rival and claim the victory for America. Excitement among the big gallery of spectators ran high from start to finish and McLaughlin was accorded a gratifying reception when his triumph was announced.

GETS LONG SENTENCE

Milwaukee, Wis., June 23.—Giovanni Severino, aged 19 years, late this afternoon after pleading guilty to killing Gennaro Ronzio in February last, was sentenced to 25 years in the penitentiary.

Buffalo, N. Y., June 23.—Jimmy Duffey of Lockport and Jack Britton of Chicago fought a fast ten round bout here tonight. Newspaper decision was divided with Duffey getting the benefit of the doubt by a slight shade.

FINAL FIGHT AGAINST FREE SUGAR IN 1916

Western and Louisiana Senators Oppose Provision Urged by Wilson

RUSH OTHER SCHEDULES

Metal and Wood Schedules Were Rushed Through Without Much Discussion

SHAFROTH FIRST SPEAKER

WASHINGTON, JUNE 23.—Democratic senators opposed to free sugar enlivened the senatorial caucus late today, beginning their final effort to change the schedule before the tariff bill reaches the senate for general debate.

Western and Louisiana senators were primed to make a titanic fight against the provision approved and urged by President Wilson which provides that sugar shall be free of duty in 1916. Senators Shafroth of Colorado and Walsh of Montana took up the contest when the schedule was reached suddenly late in the afternoon. It had not been expected that the caucus would reach sugar before tomorrow and the metal and wood schedules were rushed through without much discussion and before 5 o'clock the decks were cleared for the first and most determined internecine party tariff struggle. This will be the acid test for free sugar. To the decision of the caucus the Democratic senators will be pledged and the prospect is that only Senators Thornton and Randall of Louisiana will be released from the binding resolution that is to be adopted. There is a possibility of one other senator asking for relief.

Senator Randall, who is leading the fight on free sugar, hurried from the caucus room when it was apparent that the sugar schedule would be reached and sent a messenger for Senator Newlands of Nevada. He wanted all the Democrats who do not favor the administration plan present. Senator Newlands soon arrived and immediately thereafter the first paragraph of the schedule was read.

Senator Shafroth of Colorado was the first speaker. Coming from a beet sugar state he made a vigorous plea for elimination of the provision for free sugar in three years. He submitted many briefs and statistics to support the claim of the beet sugar manufacturers that free sugar would mean the crippling, if not death, of the industry.

Senator Walsh of Montana, who also will make a fight against free wool, is standing by the anti-sugar senators in the caucus fight. He followed Senator Shafroth and had not concluded when the caucus adjourned until tomorrow.

Breaks Caucus Harmony

Until sugar was reached the caucus had been very harmonious. Not a change was made in the report of the majority members of the finance committee on the wood and wooden manufactures schedule. The only material change in this from the Underwood bill was the free listing of cedar boards and other cabinet woods. On the metal schedule there were four votes taken on committee amendments and in each case the committee was sustained. Aluminum in the crude state was left at two cents per pound and in sheets and plates at 3½¢ per pound. The committee's increase from ½ to ¾ of a cent per pound on lead ore was sustained as were its amendments increasing the duty on zinc ore from 10 to 12 per cent ad valorem and zinc in pigs from 10 to 15 per cent.

An effort to put hand saws and other common tools on the free list was not successful and a few small items in the schedule were referred for later determination. Late tomorrow the majority of the finance committee will complete work on its revision of the income tax and a statement giving the detail of the changes will be given by Chairman Simmons.

Diamond Men Petition

The committee tonight received a petition from a delegation of New York diamond merchants, urging reconsideration of its action in turning down proposed reductions in the diamond rates of the Underwood bill. After careful consideration of the claims that the Underwood rates would encourage and increase smuggling, the committee decided not to change the rates. As left by the committee under diamonds made dutiable at 15 per cent ad valorem and cut diamonds at 20 per cent.

The merchants want the present rates retained, cut diamonds at 10 per cent and uncut diamonds free.

WIRE TAPPERS BUSY

Kansas City, Mo., June 23.—More than \$80,000 it is said has been lost by visitors at health resorts to a gang of wire tappers within the last month. One of the victims at Severance, Kansas, was an Iowa man who is reported to have lost \$18,000. His name and residence have not been made public.

NO PUBLIC HEARINGS OF ANY BILLS PASSED

GOV. DUNNE WILL BE TOO BUSY TO HOLD ANY PUBLIC HEARINGS

His Time Between Now and June 30 Will Be Occupied With Measures Passed By Legislature—Executive Approved Many Measures.

SPRINGFIELD, Ill., June 23.—Governor Dunne will have no public hearings on any of the bills passed by the legislature. Announcement to this effect was made this afternoon. The executive feels that it will require all his time between now and June 30 to digest the measures placed in his hands by the legislature, without breaking in on that time with public hearings on various measures. The governor today attached his approval to the following measures:

H. B. 850—Authorizing transfer to Chicago board of education for \$19,530 of old eighth regiment armory site in Chicago.

H. B. 257—Appropriating \$85,000 to pay outstanding notes of board of agriculture.

H. B. 409—Appropriating \$15,000 to build a new bakery at Kankakee insane hospital to replace one destroyed by fire.

H. B. 480—Appropriating \$1,000 per annum for Illinois firemen's association.

H. B. 710—Appropriating \$10,000 for expenses of continuing the state mining investigation commission.

H. B. 346—Appropriating \$1,200 for a memorial tablet to veterans of the war of 1812 to be placed in Memorial hall in the state house.

H. B. 691—Reappropriating unexpended balance of \$298,665, appropriated two years ago for state armories.

H. B. 641—Appropriating \$595,000 for ordinary and contingent expenses of the state penitentiary at Joliet.

H. B. 225—Appropriating \$395,450 for expenses of the reformatory at Pontiac.

H. B. 298—Appropriating \$427,700 for expenses of the Chester penitentiary.

H. B. 621—Appropriating \$19,424 paid by Chicago board of education for old eighth armory site, to be used for new armory site.

H. B. 333—Appropriating \$600 for printing the report of the Illinois Andersonville monument commission.

H. B. 654—Appropriating \$1,000 for the state art commission to prepare plans for a monument of Stephen A. Douglas to be erected on the capitol grounds in this city.

H. B. 385—Appropriating \$5,000 for Ben M. Greux, father of Frank Greux, who was fatally burned while an inmate of the home for feeble minded children at Lincoln.

H. B. 503—Appropriating \$10,000 for the relief of William Baker, who contracted "lump jaw" while working at Union Stock Yards, Chicago.

H. B. 691—Appropriating \$7,500 to the state board of administration for the relief of C. B. Jorgenson.

H. B. 686—Appropriating to University of Illinois the amount received by Illinois from the federal government for the endowment of colleges.

H. B. 133—Semi-monthly pay passed with emergency.

Senate bill 1220—Appropriating \$1,000 to the Oakwood cemetery, Chicago, for the care of veteran's graves.

H. B. 165—Creating a free employment agency at Rock Island.

H. B. 65—Amending the law in regard to the administration of estates to make it mandatory when letters are sought on presumption of death that the petitioner shall twenty days prior to date set, serve copy of application upon person in control of property of alleged decedent.

H. B. 324—Appropriating \$8,355 to the United Mine Workers to reimburse them for money advanced for county mine inspections.

H. B. 588—Making receivers a party to any legal or equitable proceedings in respect to their receiverships.

H. B. 756—Appropriating \$50,000 for the centennial celebration of Perry's victory at Put-in-Bay.

H. B. 891—Appropriating to the national guard for the new second regiment armory the proceeds from the sale of site and building of the old second regiment armory.

Hearing on Public Utility Bill

Governor Dunne announced tonight that he had consented to give Chicago interests a hearing on the public utility bill. The hearing will be held Wednesday morning.

Mayor Carter Harrison, corporation counsel Sexton and others from Chicago who are interested in the measure will be present to urge the governor to veto the measure, because the "home rule" feature was stricken out of it by the senate on the last night of the session.

Chicago Council Gets Busy

Chicago, June 23.—The Chicago city council took emergency action tonight in the hope of preventing Governor Dunne from signing the public utility bill. A telegram signed by Mayor Harrison and sixty-seven of the seventy aldermen, was sent to the governor asking him to veto the measure. In the same message he was asked to set a date for a hearing on the bill and plans were made for an invasion of Springfield by the entire council.

COMMITTEE ELECTS DOREMUS CHAIRMAN

WILL HEAD DEMOCRATIC CONGRESSIONAL COM. IN CAMPAIGN

Agree to Co-operate With the Democratic National Committee—New Chairman Serving Second Term in Congress.

WASHINGTON, June 23.—The Democratic congressional committee tonight elected Representative Doremus of Michigan chairman and agreed to co-operate with the Democratic national committee in the coming mid-presidential campaign.

Mr. Doremus is understood to have been President Wilson's choice to head the party's congressional campaign organization. He was elected by a vote of 30 to 24 after several months of lively skirmishing for the post, with Representatives Cline of Indiana, Sabath of Illinois, Lloyd of Missouri, the retiring chairman, and Sharp of Ohio, prominently mentioned as possibilities. Supporters of Mr. Cline were reported early in the day to have claimed the Indiana member's election by at least 40 votes out of the 59 members.

Mr. Lloyd announced some months ago that he would relinquish the chairmanship, feeling that after six years' service as chairman and two years earlier in charge of the western headquarters, the honors should go to another man. The new chairman is serving his second term in congress. He was active in the Washington and Chicago headquarters of the congressional committee in the last campaign. He said tonight it was too early to forecast any campaign program.

Harmony prevailed through tonight's proceedings. The organization was completed and everything is now ready for planning the coming campaigns.

Besides the chairman the other officers elected follow:

Vice chairman—Representative Cline, Indiana; Senator Chamberlain, Oregon; Senator Hollis, New Hampshire; Representative Goldtogle, New York; Representative Baker, California.

Secretary—Representative Pepper, Iowa.

Assistant secretary—Representative Murray, Massachusetts.

Sergeant-at-arms—Joseph J. Slinnot of Virginia for fourteen years soldier of that post and now also sergeant-at-arms of the house.

DR. LAURO MULLER SPENDS DAY AT IOWA STATE COLLEGE

Distinguished Visitor Devotes Much of His Time to Study of Agriculture and Veterinary Departments.

AMES, Ia., June 23.—Affairs at Iowa state college attracted the attention of Dr. Lauro Muller, minister of foreign affairs for Brazil and his party all day today. From the time of his arrival at 9:35 this morning until late in the evening Dr. Muller was the guest of President Raymond Pierson and the board of trustees. The distinguished foreigner devoted much of his time to a close study of the agricultural and veterinary departments of the college. Dr. Muller was given much information as to the courses of study in the college and the extension work of the institution came in for a great deal of attention. This year the college is sending its experts to the home of the farmers in automobiles so that they may have the advantage of the extension work. This feature of the work pleased the South American minister. Dr. Muller and party left at 7 o'clock for Colorado Springs, Colo. where they will arrive tomorrow afternoon. After a few hours rest they will leave for San Francisco making no stops until the coast is reached.

AURORA FANS WILL WELCOME RETURN OF BASE BALL CLUB

Will Support Milwaukee Club of Wisconsin-Illinois League if Club is Transferred to Aurora.

Aurora, Ill., June 23.—Directors of the Aurora Baseball association tonight voted to support the Milwaukee club of the Wisconsin-Illinois league in case it is transferred to Aurora. The board has sent Charles P. Moll, a new proposition offering to sanction the transfer provided the Aurora club does not waive any claims it has for players or money from last year. Aurora "fans" are enthusiastic over the prospect of the return of the club here. Should Moll's club play Rockford here next Sunday the "Mollies" will be welcomed by the biggest crowd that ever attended a game in Aurora, it is predicted. Many of the amateur clubs have cancelled games for next Sunday so that the players may attend the "home coming game." The Aurora franchise was transferred to Milwaukee this spring.

city government," said Alderman Merriman. "The people do not realize what has happened. All local power is gone. If we have a complaint in any ward as to street car, electric light or gas service, we have to go to Springfield. This the crowning triumph of corporation politics and the most vicious measure ever passed by any Illinois legislature."

YOUTH ATTEMPTS TO SHOOT-UP COURT

Officers, Lawyers and Spectators Hastily Seek Places of Safety

JUDGE DUCKS AT SHOTS

It Was at First Thought Judge Stafford Had Been Struck But The Judge Had Sought Safety

LAD SAID TO BE UNBALANCED

WASHINGTON, June 23.—Judge, lawyers, policemen and spectators were sent scurrying to cover in the criminal court here late today when Ray M. Stewart, aged 18, fired three mild shots in an attempt to shoot-up the court. At the first crack Justice Wendell P. Stafford disappeared beneath his desk and in the court room there was a wild scramble for places of safety. Some sought refuge under tables or behind heavy chairs and others, frenzied by fear, leaped into windows and dropped to the ground some fifteen or twenty feet below. Justice Stafford had just refused to release Stewart on probation after conviction for attempted highway robbery. The boy whipped out a .32-calibre automatic pistol and fired three shots, two of which narrowly missed Assistant United States Attorneys Samuel McComas, Hawkin and Harvey Given and Policeman Moffitt. He was in the attitude of turning toward the judge as if to shoot when a witness sprang upon him and choked him into insensibility. In the confusion that followed, many thought that Justice Stafford had been struck by a bullet, but the judge emerged from his haven without a scratch.

Convicted of Hold-up. Stewart had been convicted recently of holding up a negro in a Washington suburb last December. He had applied for probation as a first offender and Judge Stafford had been hearing the testimony of witnesses for and against the applicant. Hawkin, Given and Moffitt, who were conducting the prosecution, were seated near the boy, who had been at liberty on bail.

The judge had barely uttered the last word in passing sentence when the prisoner brought out his pistol and began to shoot. The first shot was aimed in the direction of the prosecutors and just missed Hawkin, who forthwith ducked under the table. The bullet lodged in the casement of a window. The next shot went toward the jury box and passed dangerously near Detective Sergeant Grant's head. It struck the wall near the window and rebounded, falling near Justice Stafford's bench. Third shot struck the court railing. As the youth wheeled and faced the bench, Edwin Blaine, a clerk in the department of agriculture, who had been a witness for the state, seized the boy by the throat and carried him to the floor. By this time the court room had been nearly cleared of officials and spectators.

Stewart lay unconscious for several minutes after being disarmed. Later he was removed to the cell room beneath the court room, where he remained even to admit that he did the shooting.

Counsel for Stewart said the youth was unbalanced as the result of reading cheap literature.

JUDGE DIBELL DENIES MOTION FOR NEW TRIAL

Joliet, Ill., June 23.—Judge Dibell of the circuit court today denied motion for a new trial in the famous Steger-Musical Courier criminal conspiracy case which was first tried here in February. Attorneys for William Geppert, editor of the Courier who was fined \$5,000 and sentenced to two years in the penitentiary by the jury placed the argument for a rehearing on an affidavit sworn to by Garrett Couchers, principal witness for the state in the first trial, who told of alleged influencing of the jury by John V. Steger, the complainant William Forest, counsel for Geppert, announced the intention of taking the case to the appellate court.

William Anderson and sons Harry and William Jr., Leonard Acre and Louis Osborne were among the excursionists to Keokuk Sunday.

George and Clarence Wolke went to Winchester Sunday. Although the mud was pretty deep in places they report a fairly quick trip.

Mrs. Edward Henry and daughter Marion Perkins of St. Louis are the guests of Mrs. George W. Scott.

Misses Rose Sheehan and Margaret Sheehan expect to go to St. Louis this morning for a visit with Miss Rose Sheehan's brother Daniel Sheehan.

Among those in the city yesterday from Joy Prairie were Phillip, Eugene and Glenn Stanley, Mrs. Herbert Challiner, Samuel Challiner and William Hadden.

Misses Hazel Fox, Eulah Simms, Leila Wilcox and Iva Connors of Joliet were in the city Monday on their way to Alton where they will camp for two weeks.

Mr. and Mrs. James Sheldon and two children of Monmouth were in the city Monday on their way to Virden, where they will spend the week with relatives.

APPROPRIATIONS FOR STATE INSTITUTIONS

Various Sums Asked For Schools For Deaf and Blind and For Jacksonville State Hospital.

Many thousand dollars were asked from the legislature for the three state institutions located in Jacksonville for the ensuing two years. As yet there is some doubt as to just what the legislature did in state institution appropriations. The state hospital asked for the following among other things:

Building new kitchen and enlargement of amusement hall—\$35,000.

Paving portion of South Main street next to state grounds—\$8,500.

Coal shed—\$6,000.

Crushed rock for drives—\$3,000.

Re-wiring buildings—\$1,500.

Burial lots in Diamond Grove cemetery—\$1,400.

Improvement on grounds—\$2,000.

Repairs and improvements—\$2,500.

The sums asked for this year are less than last year which were \$25,000 repairs and improvements; painting \$3,500; recovering buildings, \$10,000; quarters for male employees, \$40,000; sum for hospital wing for male employees \$4,500; new iron beds \$1,500; enlarging and remodeling bakery \$2,000.

School For Deaf.
The state school for the Deaf asked for the following appropriations:

\$125,000 ordinary expense per annum for the next two years.

\$12,000 per annum repairs and improvements for next two years.

Vegetable cellar—\$3,000.

Iron fence—\$7,000.

Paintshop and oil room—\$4,000.

Employee's home—\$20,000.

Reconstruction of gymnasium in boys' cottage—\$5,000.

Improvement water supply—\$2,000.

New reservoir—\$7,500.

School For Blind.
The Board of Administration has recommended the following for the State School for the Blind:

State roof—\$1,200.

Store house building and cold storage—\$6,500.

Circulating library—\$1,600.

Repairs on organ—\$1,400.

Text books and apparatus—\$2,000.

Ordinary expense for next two years per annum—\$68,363.40.

Repairs and improvements—\$2,500.

Improvement of grounds per annum for two years—\$500.

A PRAYER MEETING INNOVATION
At Brooklyn church Sunday Rev. H. S. Alkire announced that he had gone through the church records, selected the names of those whom he thought are able to attend the mid-week services and that he would in the future call a roll of those names at the Wednesday evening prayer meetings. He said that such a practice might remind some that they have been missed or that they are expected to come at least occasionally. This is an innovation and will, it is hoped, result in an increase in attendance at these services.

WILL ATTEND CONFERENCE.
Supt. C. P. Gillett will leave Thursday for Indianapolis to attend the Conference of Superintendents and Principals of the American Schools for the Deaf to be held June 27 to July 2.

Harold Gaines, who has been employed at the Peacock Inn, has gone to Pittsfield where he will be employed in a confectionery store of that place.

ENGAGE IN TOURNAMENT.
Bert Cassell, Carl Nelson, George Day, Everett Mann, Andrew Vieira and Eugene Cassell have engaged in a billiard tournament and in the first game Monday night Nelson defeated Cassell by a score of 100 to 75.

THE TEMPERATURES.
The temperatures for Monday, according to G. H. Hall, weather observer at Alexander, were, maximum 85 and minimum 67. A rainfall of .18 inch was recorded.

SUCCESS IN MISSION FIELD.
Word has been received from Rev. Jesse B. Thornton, who returned to Japan a short time ago, that he is having much success in his mission work.

DELEGATES ARRIVE FOR MEETING OF WORKERS FOR THE BLIND

Twelfth Convention Will Open
This Evening at School for Blind
and Conclude Friday.

Delegates for the twelfth convention of the American Association of Workers for the Blind, which is to open its sessions at the State School for the Blind this evening, began arriving in this city Monday and in the evening a special train bearing the delegates from the eastern states arrived via the Wabash.

The organization which is meeting in this city is in no way connected with one called the Association of Instructors for the Blind, and is much larger one. The society meeting here stands on the belief that a blind man or woman is just as capable of doing good work as one that sees, and to prove this doctrine the members can point to any number of cases which bear them out. It is a rather unique fact that the association has always had a blind president.

The present incumbent of the head office of the organization, Eben P. Morford of Brooklyn, N. Y., although being handicapped by the loss of his sight when a young man has forged ahead and is now superintendent of the Industrial School for the Blind at Brooklyn. He represents the department for the Blind in the Brooklyn Bureau of Charities and a large sum of money was recently given to this department.

The second vice-president of the association, John B. Curtis of Chicago, is a graduate of the Illinois School for the Blind of this city and holds the position of supervisor of the work in Chicago. The treasurer, William C. Sherlock of Baltimore, Md., is also a blind man.

The treasurer, Charles F. F. Campbell of Columbus, Ohio, is termed the "Blindest sighted man in the work" by those who know him well, as he is the son of a blind man, was born in a School for the Blind and with the exception of the time spent at college has spent his life in the work. Mr. Campbell's father, Sir Francis Campbell, was the founder of the Royal College for the Blind in London, England. This American blind man was knighted by King Edward VII as an acknowledgment of what he had done for the enlightenment of the British Isles.

This convention is expected to be the most representative ever held by the association and the men and women who meet here have supervision of the handling of millions of dollars annually. A great deal of interest is being taken in Illinois by the workers for the blind, one of the reasons being that this state is the first in the United States to teach blind boys and girls in the public schools, this being started in Chicago some three or four years ago. Another reason is that this state is coming well to the front in the effort to be of service to the blind in the home. The "Home Teaching" as it is termed, is under the supervision of Charles Comstock, a graduate of the local school. Home teachers from the eastern states will be in attendance at the convention, and one session of the convention will be given up to a discussion of how that branch of the work can be benefited.

At the opening session tonight any of the public interested is welcome to attend. The address will be "The Other Blind Fellow", by George R. Bellows, vice-president Associated Blind Men of Maryland. Mr. Bellows is quite a gifted speaker, who has an abundance of original humor. This morning and afternoon will be taken up by registration of guests. A meeting of the uniform type committee was held at the school Monday evening. The recommendations of this committee are already to be presented at the convention.

Among the delegates who have arrived for the convention are:

Maine—Superintendent M. W. Baldwin.

Maryland—Mrs. A. C. McKewen, George R. Bellows, Miss Minnie Hicks, M. N. Garoznik, Miss L. E. Latimer, Mr. and Mrs. William C. Sherlock, H. Randolph Latimer and Miss Annie H. Winchester.

Massachusetts—Director Edward E. Allen, Charles W. Holmes, chairman of the Uniform Type committee, and Mr. and Mrs. E. H. Fowler.

Michigan—Superintendent A. M. Shotwell.

New Jersey—Commissioner C. R. Deffenbach, Miss Lydia Y. Hayes and Miss H. H. Wolf.

New York—Mr. and Mrs. W. R. Scanlin, Charles H. Himmelsbach, Mr. and Mrs. Eben P. Morford and C. W. Latimer.

Pennsylvania—Superintendent O. H. Burritt.

Rhode Island—Miss Mary E. French and Miss Fannie Kimball.

Iowa—Mrs. J. B. Jordan.

Alabama—H. H. Manning.

FRANKIE BURNS GETS EVEN BREAK WITH JOHNNY COULON

Burns' Cleverness Surprises the
Fight Fans—Coulon Shows His
Old Time Speed.

Kenosha, Wis., June 23.—Johnny Coulon, the bantam weight champion, felt his crown jostling here tonight in his ten round bout with Frankie Burns. Coulon showed his old time speed, but Burns' cleverness surprised the 3,000 fight "fans." Burns got an even break and many of the fight critics at the ringside insisted on giving him a shade over the champion. It was a slashing mill from the first tap of the gong and for four rounds the two bantams boxed toe-to-toe without either gaining the advantage.

The fifth round went to Burns by a big margin, the sixth was even and in the seventh Coulon's old time speed returning he won the long end of the round. In the eighth and ninth both boys seemed tired and were both willing to rush into clinches. Burns began pounding like a steam-hammer through both sessions. Coulon started in the tenth with a rush but Burns met him better than half way and had a shade the better of the round.

McREYNOLDS WILL MAKE FULL REPORT TO PRESIDENT WILSON

Will Give Causes That Moved Him
To Postpone Diggs-Caminetti
White Slave Cases.

Washington, June 23.—Attorney General McReynolds will make a full report to President Wilson at the president's request on the causes that moved him to direct postponements of the Diggs-Caminetti white slave cases, the basis of the resignation of United States Attorney McNab of San Francisco and his sensational charges against the head of the department of justice.

One of the dawn's most remarkable developments in the unusual episode was the receipt by the president of a telegram from Clayton-Herrington, special agent of the department of justice in charge of the federal bureau of investigation at San Francisco, demanding the removal from office of Attorney General McReynolds, Herrington's official superior. Officials declared tonight that the question of action in Herrington case probably would be up soon.

Early in the day before Herrington's action became known at the department officials were somewhat mystified and later amused by the receipt of a telegram from another special agent applying for the "vacancy" at San Francisco.

Is Looking For Successor.
While no action has yet been taken on the McNab resignation, white house officials let it be known that the president was looking for a successor. They stated that the character of the new district attorney would soon show whether there could be any manipulation of the cases of the department of justice through political influences as charged by District Attorney McNab. Steps to day preliminary to a final determination of the controversy were many. The president said his first intimation of the situation was gleaned from the newspapers and declared he would wait for the attorney general's report before determining his course. The episode found an echo in the hall of congress where Representative Kahn, Republican of California and Hinebaugh, Progressive of Illinois introduced resolutions in the house calling for official papers in the case and for an investigation by the judiciary committee. Representative Mann issued a statement declaring that President Wilson should supplant immigration commissioner Caminetti on the ground that he had used both his political and official influence to prevent his son being brought to a speedy trial.

Interest here in the incident centered largely around the Caminetti-Diggs case for the postponement of which Secretary Wilson of the department of labor yesterday took responsibility.

Explains Order to McNab.
Assistant Attorney General Harrington assumed full responsibility of the order to Attorney McNab to postpone the trial of Robert Bruce and Sidney V. Smith, directors of the Western Fuel company on charges of customs coal frauds. This postponement mentioned in McNab's telegram of resignation to the president was ordered, declared Mr. Harrington, to prevent a miscarriage of justice.

"The trial of the entire Western fuel case was not ordered postponed," said Mr. Harrington, "but only the trials of Bruce and Smith who were indicted with three other directors of the company. Bruce and Smith were only directors, while the other three defendants were officials as well as directors. Attorney Pringle, for the company asked that the indictment of Bruce and Smith be dismissed on the ground of no evidence to connect them with the alleged frauds. I carefully studied the evidence in the case submitted by the United States attorney McNab and reached the conclusion that Bruce and Smith, who seemed men of high character probably were innocent, as apparently they were directors in the usual sense, and were unfamiliar with the operations of the company. In order to prevent a miscarriage of justice, I recommended and Attorney Gen. McReynolds acquiesced that it would be better to try the three directors who were officials, before this trial would develop the exact connection of Bruce and Smith with the alleged frauds."

It seemed unwise to run the risk of convicting two innocent men along with three men who might be guilty when the ends of justice would be fully satisfied by later trials if the government received evidences which it did not then possess of the guilt of Bruce and Smith."

District Attorney McNab's Reply.

San Francisco, June 23.—Further correspondence that ranged between the offices of the attorney general in Washington and the United States attorney for the northern district of California was made public tonight as District Attorney McNab's reply to the statement of Assistant Attorney General William Harrington, in explanation of the postponement of the trials of two directors of the Western Fuel company accused of conspiracy to defraud the government. The correspondence related to a third case involving an order from the attorney's office that six women whose deportation had been decreed by federal judges on the ground that they had entered the United States to follow an immoral calling be admitted to bail. Deportation orders have been signed by Judges Van Fleet and Detrick.

FIND ORIGINAL DRAFT.

Topeka, Kan., June 23.—After a half century's search by officers of succeeding state administrations the original draft of the Lecompton constitution adopted by the fathers of the state at Kansas more than fifty years ago, had been found at Milltown, N. J., according to a letter received by Charles Sessions, secretary of state, today from John P. Headley of Milltown. The Lecompton draft took place two years after its adoption to the constitution which became the basis of the state government. Mr. Headley's letter said the Lecompton document was in the possession of a resident of Milltown and could be obtained through state authorities.

REJECTED SUITOR KILLS BRIDE AND MAN WHO ATTEMPTS TO SAVE HER

Three Others Are Probably Fatally
Injured At Wedding Celebration
in Philadelphia.

Philadelphia, June 23.—A rejected suitor tonight shot and instantly killed a young bride and a man who attempted to save her, while three others, one woman and two men were probably fatally injured at the wedding celebration in the northern part of the city where the double tragedy occurred. The dead are Mrs. Nicholas Boszelle, 18 years old and Vincent Spirti, of Lansdowne, Pa.

Selice Spirti, of Morton, Delaware was stabbed near the heart and an unidentified woman about 25 years old, shot through the breast. Angelo Goecino, who is accused of doing the shooting was slashed about the throat by one of the crowd. None of the wounded is expected to recover.

DENY REPORTS OF OJEDA'S SURRENDER

Douglas, Ariz., June 23.—Reports that General Pedro Ojeda, the federal commander in Sonora had surrendered after a four days battle at Ortiz were denied today by the constitutional junta in Douglas. Official messages from Hermosillo said the battle was resumed today.

Junta members asserted however, that Ojeda was surrounded and cut off from his base of supplies.

EXPLOSION KILLS TWO.

Cherbourg, June 23.—While the forts were firing a salute in honor of the arrival of President Poincare, on his way to England, this afternoon an explosion occurred which resulted in the death of two men and the serious wounding of four others. It was thought at first that a cannon had burst but it later developed that several of the blank cartridges had prematurely exploded. Contrary to regulations they had placed close to the guns and a piece of burning wad fell among them. The lieutenant in charge of the section has been placed under arrest.

COUNCIL WAITS ON UTILITY STATUTE

NO ACTION ON FRANCHISES UNTIL MORE IS KNOWN OF NEW LAW.

Well Test to Come As Soon As Railway Company Makes Written Offer On Power Cost—Bids to Be Asked For New Generator and Engine For Light Plant—Coal Contracts Awarded.

At the meeting of the city council Monday morning more than the usual number of matters came up for discussion. The contract for coal for the pumping station was awarded to G. S. Rogerson on 1 1/2 inch lump and to York & Co. for No. 2 nut for the light plant. There was considerable discussion of the annoyance caused by pig pens within the city limits but it was determined not to drive them out for the present at least but to insist upon conditions as cleanly as possible. The city attorney said that he could have the street car franchise ready by Wednesday and that he was working upon the others. However, it was the sense of the council that it would not be wise to take any decided action on franchises until it is known just what are the provisions of the public utility bill and whether or not it is to advertise for bids for a generator and engine at the light plant. Announcement was made that it is the intention to begin a thirty days' test of the Wideman and Daub wells just as soon as a contract for power can be made with the Jacksonville Railway & Light Company.

Mayor Davis expressed his disapproval of the law changing the per cent necessary for the recall of commissioners and Mr. Newman affirmed his belief in the measure and said that he would see Governor Dunne and urge him to sign it.

Petition Received.
A petition was presented signed by West College avenue residents asking that the city compel Mrs. S. B. Gray to cease keeping pigs in a lot in the rear of her residence on West College avenue. Commissioner Engel said that a lot where pigs were kept was clean and sprinkled with lime but that Mrs. Gray had already agreed to dispose of her swine. A petition was read from Hoffman Bros. asking for a sewer on South Mauvaister street running from College avenue north 320 feet. This was referred to the board of local improvements.

A letter was read from the Illinois Mayors association suggesting that Jacksonville send a mayor and as many heads of the departments as possible to the annual mayors' meeting to be held in Rockford June 26 and 27th. A special invitation sent by the mayor of Rockford to Mayor Davis was also read and both communications were received and placed on file. It was stated in the letters that such questions as light, water supply and sewage will be discussed. Mayor Davis mentioned incidentally that he expects to be present at this meeting.

A communication was read from C. E. McDougall written in behalf of the G. A. R. expressing the appreciation of the members of the post to the council in connection with Memorial day. The letter follows:

Letter From Veterans.
Jacksonville, Ill., June 16, 1913.
Hon. George W. Davis, mayor, and the commissioners of the city of Jacksonville.

Gentlemen:

At a meeting of Matt Starr Post

No. 378 held on the 13th day of June, 1913, the undersigned was instructed by a unanimous vote of the post to convey to you our sincere thanks for your co-operation and assistance on Memorial and Decoration days.

The part taken by your committee relieved the members of the post of much or most of the labor on that occasion, and the very liberal donation from the city hall to defray the expenses inspired the thought that the services of the old soldiers were not yet forgotten.

As was suggested by one of the commissioners, your action may be a precedent for the future, and we hope it will be for many, many years to come—after the last grand army man shall have passed away.

Some one must take the lead on all public occasions, and who more appropriate than the city council of the patriotic city of Jacksonville.

Thanking you again, gentlemen, I remain,

Sincerely yours,

C. E. McDougall.

A communication was read from an educational bureau in Chicago asking co-operation of the city in securing a sane celebration of the Fourth of July. This communication quoted figures to show that the agitation of recent years in favor of saner Fourth of July celebrations has resulted in a great saving of life and property. Last year, in connection with Fourth of July celebrations twenty people were killed and 659 injured; while a few years ago the average was 218 killed and 4738 injured. Last year also the loss of property by fire was greatly reduced by comparison with previous years.

Talk About Cleaning Up.

Dr. A. M. King, health warden was present to talk about the matter of offensive pig pens which has been referred to earlier in the session. Commissioner Engel and the health warden are continually having complaints in neighborhoods where pig pens are allowed and have been uncertain exactly what to do. Where complaints have been made they have compelled owners of offensive pens to have them cleaned up but the results of the cleaning are not of very long standing and hot weather always results in a return of the offensive odors.

For some reasons the commissioners and health warden would advocate an ordinance making it unlawful to keep pigs within the city limits as that would solve the question permanently but they did not feel like advocating this action as they realized it would be a hardship on some persons to be compelled to do away with their porkers. The matter for the present was left in this form, that the owners of pigs must keep them clean and as free from odors as possible or suffer fines under the city code for maintaining a nuisance. The talk about offensive odors reminded Com. Brennan that a break in a sewer just east of diamond street near the brook had been reported and this is to be taken care of at once.

Wait for Utility Facts.

Commissioner Newman wanted to know if something could not be done to hurry up the franchise and thought it would be well to have a special meeting and consider the railway franchise first. City Attorney Thompson said he had been working on the franchises and was getting them into shape. He said that he had been interrupted the past week by work incident to the injunction suits but that he could have the railway ordinance ready by Wednesday of this week if it was desired. Mayor Davis said that he would not be in the city Wednesday that it would be all right to have a meeting without him if the council wished to. Commissioner Knollenberg said that it did not seem to him that it would be worth while taking up the franchise matters until it was known definitely just what the various provisions are in the utility bill passed by the legislature and whether or

not is to become a law. He said that by this law the whole matter might be taken out of the council's hands. Mr. Thompson said that he had the same thing in his mind although he was going ahead with his franchises. Mayor Davis said that he was going to Springfield today and expected to find out something about the bill at this time. Commissioner Newman asked what the council intended to do with the motion made last meeting about abolishing the office of street superintendent. Mayor Davis said that matter would not come up for consideration at this meeting unless brought up by the member who made the motion. Commissioner Newman then referred to the bills filed for hauling away rubbish from the streets during the recent clean-up week and said that in his opinion there would be no question but that the bills would be paid from the general fund and not from the vehicle or poll tax fund. He said that he was afraid that vehicle license fund would be exhausted and that street work would be delayed in consequence.

Commissioner Knollenberg was seconded by Commissioner Brennan made a motion that the bills be paid from the special fund. Mayor Davis said it seemed to him to be a small matter anyhow and that if the street funds were exhausted before the end of the year that he would be in favor of using from the general fund anyhow. This satisfied Mr. Newman and he voted with the others to pay the bills with the special fund.

No Test For Fire Truck Yet.

Commissioner Newman also brought up the matter of the new auto fire truck and wanted to know what was being done about it. Commissioner Engel said that nothing was being done about it so far as the city is concerned at present. The fire truck is at the Estaque Garage and whatever tests are being made are by the company which owns it. Whenever a test is made in behalf of the city it will be made from the city fire department.

Next Commissioner Newman asked about the Wideman and Daub wells wanted to know if something could be done immediately about pumping from the wells as he said the people are tired of using muddy water. Mayor Davis replied that it was the intention to give these wells a 30 days test as soon as a definite arrangement could be made with the Jacksonville Railway and Light Company about power. He said that Mr. Ziser the new superintendent of the company had made a verbal proposition that it had not been formally presented as yet.

Mr. Knollenberg said that Mr. Miser was at the city hall a day or two since during the mayor's absence and had told him that the company would be willing to furnish power for 30 days for the desired test and allow the rate of payment to be determined by the city. He said that he suggested to Mr. Miser that this proposition be reduced to writing as soon as possible and Mr. Miser said the request would be complied with.

And still another matter was presented by Mr. Newman he asked the council if the council wished to take any action about appointing a member of the board of education in place of Dr. Clamit.

Not Informed on Mandamus Result.
Mayor Davis said that the council was not in a position to take any action until some formal notice was received from the clerk of the circuit court relative to the finding of the court in the matter and until that time the council would have no official knowledge of the result of the recent mandamus proceeding.

Commissioner Brennan said that by authority of the council he and Mr. Catherwood had recently inspected some second hand generators and engines in Peoria, Bloomington and Chicago. He also knew of a used engine and generator listed by a well known New York house. These machines run in price from 35 to 42 hundred dollars while the same kind new would cost something more than double that amount. The commis-

sioner was inclined to favor the one offered by the New York firm a duplicate of which sold by the same firm is now being installed in Bloomington.

On motion of Commissioner Knollenberg it was decided to advertise for bids for generator and engine and meanwhile to secure an option for 10 days on the New York machine if possible.

An ordinance was presented for a concrete walk on the east side of North Mauvaister street extending 50 feet south from East North street. And another ordinance was presented for a concrete sidewalk on South West street on the west side of the street to a point 70 feet south of West street extending to College avenue.

Bids For Coal Opened.

Bids for coal were opened and the contract for 1 1/2 inch lump coal for the water works was let to G. S. Rogerson at \$2.03. The contract for No. 2 nut coal for the light plant was let to York & Co. for \$1.82. In both instances the coal must be weighed on the city hall scales. The complete bids were as follows:

Light plant, G. S. Rogerson, mine run	\$1.90
No. 2 nut	1.84
York & Co., mine run	1.84
No. 2 nut	1.82

City pumping station, G. S. Rogerson, mine run
 1.90 || 1 1/2 lump | 2.03 |
2 inch lump	2.24
York & Co., mine run	1.94
1 1/2 lump	2.04
2 inch lump	2.18

Bernard Gause was present and asked if the Commissioners did not intend to send some sort of a communication to Governor Dunne urging him not to sign the law recently passed by the legislature reducing the per cent necessary for a recall from 55 to 25 and fixing the time upon which a change from Commission form to the aldermanic form may be had every two years. Mr. Gause said that the law seemed to him very unfair to commissioners and that it would often be easy to find 25 per cent of the people who were displeased and ready to cause the other 75 per cent and the commissioners' trouble and expense of a special election.

Mayor Davis said that the law which had been referred to by Richard Sullivan of Springfield as my bill was undoubtedly the work of politicians in various cities who had been deprived of a great deal of influence by the adoption of the Commission form of government. He said that the measure seemed to him unfair and one that could not result in good to anybody. Commissioner Newman said that he thought the law was a good one and that he expected to go and see Governor Dunne within a very short time and urge him to sign the bill.

DOCTORS DID NOT HELP HER

But Lydia E. Pinkham's Vegetable Compound Restored Mrs. LeClear's Health—Her Own Statement.

Detroit, Mich.—"I am glad to discover a remedy that relieves me from my suffering and pains. For two years I suffered bearing down pains and got all run down. I was under a nervous strain and could not sleep at night. I went to doctors here in the city but they did not do me any good."

"Seeing Lydia E. Pinkham's Vegetable Compound advertised, I tried it. My health improved wonderfully and I am now quite well again. No woman suffering from female ills will regret it if she takes this medicine."—Mrs. JAMES G. LECLEAR, 336 Hunt St., Detroit, Mich.

Another Case.

Philadelphia, Pa.—"Lydia E. Pinkham's Vegetable Compound is all you claim it to be. About two or three days before my periods I would get bad backaches, then pains in right and left sides, and my head would ache. I called the doctor and he said I had organic inflammation. I went to him for a while but did not get well so I took Lydia E. Pinkham's Vegetable Compound. After taking two bottles I was relieved and finally my troubles left me. I married and have two little girls. I have had no return of the old troubles."—Mrs. CHAS. BOELL, 2650 S. Chadwick St., Phila., Pa.

WHITE SOX DIVIDE HONORS WITH BROWNS

CHICAGO LOSES FIRST 1 TO 3
BUT WINS SECOND 4 TO 3.

In Second Contest the Sox Tied the Score in the Ninth and Berger Scores Winning Run in the Twelfth.

Chicago, June 23.—Chicago and St. Louis broke even today, the locals losing the initial game 1 to 3 and winning the second 4 to 3, after a 12-inning pitchers' battle between Russell and Hamilton.

In the second the locals tied the score in the ninth and won in the 12th. Berger in the last inning with a singled, and Lord, attempting to sacrifice, beat out a bunt. Chace advanced both runners on a sacrifice and on Collins' sacrifice fly Berger came home.

SOME OFF-SIDE CHUTES.

Heine Zimmerman developed one of his fits in St. Louis a few days ago, giving the tureen such a violent jolt that the beans were in a humor to spill themselves. He and Manager Evers engaged in a genuine Kilkenny soiree Friday last, when the pugnacious Heine was given an indefinite suspension by the peppery manager. Saturday friends of the two warriors succeeded in patching up the leak, the Bronx Teuton apologizing to the Trojan Hibernian, when the dove of peace again took up its perch on the floundering ship Curb, and Heine is off on another cruise for that \$100 William.

Coleman, the young backstop find, formerly with Davenport, now with Pittsburgh's Pirates, has become a prime favorite with the denizens of the Smoky City. He is making Gibson, Kelly and Simon look like deuce spots in the eyes of the fans. Yesteryear there was another Coleman, an elder brother of the present sensation, who also played in Pittsburgh—Jack Coleman. He had been the leading hurler for the Philadelphia Nationals, and when the "glass" sawed his head in his arm Pittsburgh grabbed him up for the initial sack. He was a slugger of the Pete Browning type, and was an immense hit in the burg of cold bottles, hot birds and soubrettes. When this new sensational Coleman returns home at the end of the season, it is a safe wager his admirers in the neighborhood of Chicago's "Bubbly Creek" will set that odoriferous stream on fire in their enthusiasm, as they were wont to do in the days of the "great" Jack Coleman.

Organized baseball is attempting to disrupt the outlaw Federal league by signing up the most desirable talent in the baby league. Pitcher Tom McGuire and "Silk" Kavanaugh, outfielder of the Chicago Federals, have been grabbed off, the former by the St. Louis Cardinals and the latter by Comiskey. Kavanaugh has notified the Old Roman that he will respect his contract with the new league, and will not join the White Sox until his obligations under its terms have been fulfilled. Some manly man is this Kavanaugh.

Fred Clarke is about to take to the woods in search of young material to bolster his wavering Pirates. Lardner, the war scribe, advises Fred to remain at home and purchase a horsehair.

Artie Hoffman has been ditched by Pittsburgh and sold to Kansas City. Circus Solly refused to be banished to the bush, and threatens to quit the game. The earwattle giddy one does not have to play ball for his b. and b. He owns a bank at Akron, Ohio—one of the kind with three bright balls over the door, where one can negotiate a \$2 loan on a \$50 timepiece.

The jinx continues its unrelenting pursuit of August Belmont. Governor Sulzer is in no humor to compromise in his warfare upon the speak-easy bookmaking at the jockey club president's track on Long Island and as a result what a few weeks ago promised a most flourishing revival of horse racing in the Empire state has come a cropper and is now worse than a failure—it is a farce. Last Thursday the hoodoo followed him across the big pond into Alden. On that day his colt Tracery, the magnificent son of the great Rock-sand, was making a runaway in the contest for the Ascot cup, when a demented male emulator of the British suffragette Davidson, flashed upon the track and unseated Jockey Whalley. Tracery was in the stretch and its nearest contender was fifteen lengths back when the madman made his appearance. Neither Jockey or colt were seriously hurt, but the unfortunate lunatic will die. Aside from the loss of the cup, the demented caper cost the luckless Belmont the purse of \$17,500 added money.

"Little" Allen, at one time one of the best knights of the piskin in this country, is on the ocean with a string of India thoroughbreds, which he will race in Canada this summer and fall. The colts are crossed from English-bred dams and Australian stallions, a strain which is long on stamina—good horses for a route.

Willie Ritchie, light weight champion, has separated himself from his manager, Billy Nolan—for financial reasons, Ritchie says. The native son is not overly strong in letting loose of any of his change, hence such a luxury as a manager was causing too frequent squeals from the eagles upon Willy's dollars.

Since the legislature which adjourned early Saturday morning failed to take kindly to Senator Paddy Carroll's boxing bill all efforts to erect a parthenon on the banks of Bubbly Creek will be abandoned.

Jackson, of Cleveland, continues to lead Cobb as champion bingler of the American league, with an average of .467 to Ty's

GEOLOGIC MAP OF ILLINOIS.

United States Has Published Results of Survey in Great Coal Field of Southern Illinois.

The results of a detailed investigation and geological survey of a district in Illinois of great mineral importance have just been issued by the United States geological survey in the form of a folio of the Geological Atlas of the United States, which the survey is gradually issuing in parts.

The district, comprising the areas known as the Murphysboro and Herrin quadrangles lies in Johnson, Perry, Franklin and Williamson county, at the south end of the great coal-producing area of Illinois. The folio includes topographic maps of a scale of about an inch to the mile, showing the surface features and the altitude of all points in the area, and geological maps, showing the character of the rocks which underlie the surface, together with a descriptive text.

The area lies in the basin of Muddy river and is in part low, flat and swampy and in part rough and rocky. The altitude ranges from 250 to 800 above sea level. The rocks are Carboniferous in age, which means that they are many millions years old—about half as old as the oldest rocks known. The term Carboniferous is very appropriate, for rocks of this age in all parts of the world contain much carbon, partly in the form of coal. The layers of rock are nearly flat, but slope gently to the north and east.

Part of the Ocean.
The chapter on geological history states that ages ago southern Illinois was a part of the ocean and that the sediment in the water slowly settled to the bottom and later hardened into rock. Now and then the area rose above sea level for a few centuries or thousands of years.

At times the region was a great swamp with luxuriant vegetation and just as in such places today the vegetable material does not decay completely, but accumulates year after year, so in Carboniferous time the plant material accumulated and later, when conditions changed, this material became buried under deposits of sand and mud and was finally compressed into coal. Since Carboniferous time the region has been above sea level and has been profoundly eroded by streams, which and continually carrying sediment away. Less than a million years ago, at a time geologically very late in the earth's history, a great glacier crept down from the north, bringing with it vast quantities of stones and dirt that are now found deposited over a large area in northern United States and Canada. This glacier reached its farthest south in southern Illinois, where it covered over a thousand square miles south of the 38th parallel.

At it retreated on the advent of a warmer climate it left its load of earth, gravel and boulders—called the dirt—over most of the state. The boulders are strikingly different from any rock to be found in place in the state and may be traced directly back to their parent ledges in Canada.

Bed of an Ancient Lake.
One of the most interesting events which has been deciphered in the survey of this area is that in geologically recent time a large part of it was the bed of a lake, which is now extinct. The discovery of this fact led to the search for evidences of other similar lakes and many were found in southern Illinois and western Kentucky. The lake beds are very flat except where they have been washed by streams, and the sediment deposited in the lake is over a hundred feet thick. In some places lake beaches are as well preserved as if the water had only yesterday been lapping over them. Commonly these beaches are used for highways.

ADMINISTRATOR'S SALE

OF REAL ESTATE.
Estate of Samuel Williams, deceased. Public notice is hereby given that by virtue of an order of the county court of Morgan county, Illinois, in the case of the petition of Fred B. Henderson, administrator of the estate of Samuel Williams, deceased, vs. Samuel W. Mitcherson, Robert Lewis and the unknown heirs of Samuel Williams, deceased, entered at the June term, A. D. 1913, of said court, I will on Saturday, July 12, at 2 o'clock p. m. at the south door of the court house in Jacksonville, Morgan county, Illinois, sell at public auction the following described real estate, to-wit: A strip of ground forty (40) feet wide off of the south side of lot twenty-three (23) in Ebe's addition to Jacksonville, in the county of Morgan and state of Illinois. Terms of sale: Cash in hand.

Fred B. Henderson,
Administrator of the estate of Samuel Williams, deceased.

TO FOLLOW

WASHINGTON'S ROUTE.
Philadelphia, Pa., June 23.—A party of members of the National Society, Sons of the American Revolution, left this city to day on a pilgrimage over the route followed by George Washington 139 years ago when he went from Philadelphia to Cambridge, Mass., to assume command of the Continental army. At various points along the route in Pennsylvania, New Jersey, New York, Connecticut and Massachusetts tablets and other memorials will be erected, marking the stopping places of Washington and other points of historic interest.

MIDDLE STATES'

TENNIS TOURNEY.
South Orange, N. J., June 23.—The twenty-ninth annual tennis tournament for the championships of the middle states opened auspiciously to day on the courts of the Ocean Lawn Tennis Club. Play will continue through the week. The events include gentlemen's singles and doubles and ladies' singles in which there are challenge cups, and a mixed doubles, for which prizes have been offered.

LITERBERRY.

The first news to record from Litterberry this week is the fact that a new correspondent will shove the pencil for a while and if the news is stale or scarce you will have to blame the residents for not bringing in better items and more of them, for we are willing to write when we have anything worth recording. See?

One of the finest and most refreshing rains we have seen in months visited this place and surrounding country Saturday night and Sunday morning.

S. H. Crum and wife and J. P. Litter and wife drove their Hudson car over to Little Indian Thursday for a short visit with relatives.

Willard Young, Jr. and wife and children went to Springfield Friday for a week-end visit with Mr. and Mrs. Fred Conover.

The ladies of Litterberry have been busy for the last two weeks canning and preserving strawberries and cherries. All the passenger trains raise the windows of the coaches as they pass through to get a whiff of the aroma of the preserving kettles.

We always look for the good things when we settle at a place, and we are not making an exception of Litterberry. We have found the good people, and a good fishing

place, and a fine huckleberry patch; we presume some of our readers will take the huckleberry find with a good pinch of salt, but we can prove the find by showing the berries now. The fishing place is known by many. We were invited to cast our hook by the proprietor, Taylor Henderson, one of the most up to date farmers and stock breeders in the north end of the county. We crawled up the Mitchell car early one morning and in company with Mr. Henderson, his mother and Mrs. Mc we drove out to his fine farm, where he has spent hundreds of dollars and days, months and years of hard labor in making a scientific fish pond, and we are glad that we can say, he has succeeded in all respects. We have not the space to describe this dam in detail, but will say it is bulkheaded on three sides, so as to turn all the surface wash from entering the pond; the borders are planted with all manner of fruit and forest trees, interspersed with rose bushes, lilacs and other varieties of flowers, while on the bosom of the dam float wild geese, wild duck and other water fowl. This water is stocked with all kinds of fish that thrive in this latitude except carp and gar. This is not only a delightful place to fish, but a lovely spot for recreation and study. Mr. Henderson showed us several nests of wild ducks, where the mother ducks had built ample nests for their eggs and were patiently sitting and waiting the time when they should be able to take their brood of ducklings to their natural element. We soon had all the fish we could use, after which we were shown the fine brood mares, with their baby colts, the fine Black Angus cows and calves and other stock too numerous to mention. Mr. Henderson is a good talker, a man of good judgment and a good fellow all around.

Aaron Petefish is beautifying his already beautiful home by putting a concrete driveway from the street to the barn yard. When this is done the place will be one of the prettiest and best arranged farm lawns in the county. Mr. Petefish is progressive and willing to spend his money, not altogether for his own good, but for the benefit of the surrounding country. Such men are a benefit to the community in which they live.

Miss Mildred Underbrink called at Sunshine cottage last Friday evening for a social call. She brought three of her children with her and we enjoyed her pleasant chat. Little Miss Mildred is five years old and a favorite in the town.

Uncle Jackson Henderson is beginning to believe in the old saw, "A watched pot never boils." He has been watching a swarm of bees for two weeks, expecting them to rally any time, but they the still waiting for a better day.

The many friends of Mrs. Sam Fitzpatrick will be pleased to know that she is reported a little better the last two days and some hopes are entertained for her recovery.

Rev. Mr. Dickman of the Baptist church preached a good sermon Sunday morning to a small audience. One would suppose the house would have been filled to overflowing with thankful people coming up to the Lord's house with thanks giving and praise in their hearts for the bounteous showers that fell Saturday night.

NO SUBSTITUTE COULD DO THIS.

No inferior substitute, but only the genuine Foley Kidney Pills could have rid J. P. Wallich, Bartlett, N.H., of his kidney trouble. He says: "I was bothered with backache and the pain would run up to the back of my head and I had spells of dizziness. I took Foley Kidney Pills and they did the work as I am now entirely free of kidney trouble. My father-in-law, now past 93 years has taken them and they have added years to his life." J. A. Obermeyer—City Drug Store.

MEETING POSTPONED

The Ladies Aid Society of Antioch church which was to have met Thursday June 26 has been postponed the meeting indefinitely.

NOTICE TO THE PUBLIC.

We would say to the public that the Ford Motor company has not SOLD out to any other company, neither have we any STOCK TO SELL. The Standard Oil company nor any other company has not bought our business, nor a single share in it. We have no connection with any other automobile concern. WILSON MESSAGE ON THE CURRENCY

President Urges Congress to
Pass New Law.

ASKS FOR ACTION AT ONCE

Chief Executive Appears in Person Before Congress to Tell the Need of Immediate Changes in the Banking Laws—He Declares That the Revision of the Tariff Will Not Be Complete Without Further Legislation Which Will Enable Business Men to Take Advantage of the Changed Conditions.

Address of the president of the United States, delivered at a joint session of the two houses of congress June 23, 1913:

Mr. Speaker, Mr. President, Gentlemen of the Congress—It is under the compulsion of what seems to me a clear and imperative duty that I have a second time this session sought the privilege of addressing you in person. I know, of course, that the heated season of the year is upon us, that work in these chambers and in the committee rooms is likely to become a burden as the season lengthens and that every consideration of personal convenience and personal comfort, perhaps, in the cases of some of us, considerations of personal health even, dictate an early conclusion of the deliberations of the session. But there are occasions of public duty when these things which touch us privately seem very small, when the work to be done is so pressing and so fraught with big consequence that we know that we are not at liberty to weigh against it any point of personal sacrifice. We are now in the presence of such an occasion. It is absolutely imperative that we should give the business men of this country a banking and currency system by means of which they can make use of the freedom of enterprise and of individual initiative which we are about to bestow upon them.

Must Leave Tools of Action.

We are about to set them free. We must not leave them without the tools of action when they are free. We are

community unless we show that we know how both to aid and to protect it?

What shall we say if we make fresh enterprises necessary and also make it very difficult by leaving all else except the tariff just as we found it? The tyrannies of business, big and little, lie within the field of credit. We know that. Shall we not act upon the knowledge? Do we not know how to act upon it? If a man cannot make his assets available at pleasure, his assets of capacity and character and resource, what satisfaction is it to him to see opportunity beckoning to him on every hand when others have the keys of credit in their pockets and treat them as all but their own private possession? It is perfectly clear that it is our duty to supply the new banking and currency system the country needs and that it will immediately need it more than ever.

Need of Currency Changes.

The only question, when shall we supply it—now or later, after the demands shall have become reproaches that we were so dull and so slow? Shall we hasten to change the tariff laws and then be laggards about making it possible and easy for the country to take advantage of the change? There can be only one answer to that question. We must act now, at whatever sacrifice to ourselves. It is a duty which the circumstances forbid us to postpone. I should be recreant to my deepest convictions of public obligations did I not press it upon you with solemn and urgent insistence.

The principles upon which we should act are also clear. The country has sought and seen its path in this matter within the last few years—sees it more clearly now than it ever saw it before—much more clearly than when the last legislative proposals on the subject were made. We must have a currency, not rigid, as now, but readily, elastically responsive to sound credit, the expanding and contracting credits of everyday transactions, the normal ebb and flow of personal and corporate dealings. Our banking laws must mobilize reserves, must not permit the concentration anywhere in a few hands of the monetary resources of the country or their use for speculative purposes in such volume as to hinder or impede or stand in the way of other more legitimate, more fruitful uses. And the control of the system of banking and of issue which our new laws are to set up must be public, not private; must be vested in the government itself, so that the banks may be the instruments, not the masters, of business and of individual enterprise and initiative.

Committee Ready to Report.

The committees of the congress to which legislation of this character is referred have devoted careful and dispassionate study to the means of accomplishing these objects. They have honored me by consulting me. They are ready to suggest action. I have come to you, as the head of the government and the responsible leader of the party in power, to urge action now, while there is time to serve the country deliberately and as we should, in a clear air of common counsel.

I appeal to you with a deep conviction of duty. I believe that you share this conviction. I therefore appeal to you with confidence. I am at your service without reserve to play my part in any way you may call upon me to play it in this great enterprise of exigent reform which it will dignify and distinguish us to perform and discredit us to neglect.

The Busy Beaver.

Enos A. Mills, the author of "In Beaver World," sums up the beaver's character thus:

As animal life goes, that of the beaver stands among the best. His life is full of industry and is rich in repose. He is home loving and avoids fighting. His lot is cast in poetic places. . . . He is practical, peaceful and industrious. He builds a permanent house and keeps it clean and in repair. Beside it he stores food for the long winter. He takes thought for the morrow. These and other commendable characteristics give him a place of honor among the herds of homeless, hand to mouth folk of the wild. During the winter he has but little to do except bathe and eat his two or three meals a day from the food he has stored in autumn. Toward spring, when his wild neighbors are lean, hungry and cold, he is fat and comfortable. In the spring he emerges from the house, but then his only work is occasionally to cut a twig for food. In the summer he plays tourist. He visits other colonies and wanders up and down streams, going miles from home. In the late summer or early autumn he returns, makes repairs and harvests his food for the winter.

Sheridan's Double Marriage.

It was in 1857 that the Gretna Green marriages were made illegal. A glance at its registers may yet inspire the novelist of the future. One entry will be sure to puzzle. Twice within a few days occurs the record of the marriage of Richard Brinsley Sheridan to Miss Grant. There was only one R. B. S., only one bride for the same gentleman. The double entries are not the result of any blunder on the part of the Rev. Mr. Vulcan. The parties were really twice married at Gretna Green. Arriving on a Sunday they were duly wedded and sped away to Edinburgh. There, however, Sheridan chanced to glance at a newspaper in which appeared the lucubrations of a lawyer. In these plainly stated was the fact that no contract executed on a Sunday is binding. Clearly, then, their wedding was not legal. Back to Gretna Green they hurried, to be remarried on a week day and leave the dual record to perplex later generations. —St. James' Gazette.

NEWS IN BRIEF.

Auto Trail Changed.—Preparations are being made to alter the St. Louis, Springfield, Chicago automobile trail about three and one-half miles south of Litchfield. An attempt will be made to avoid some steep hills in that vicinity and the signs will be oved and the route changed for about two miles.

Water Troubles.—Water troubles are by no means confined to Jacksonville. Other cities have their periods of apprehension, days when the water is low and the supply without pressure. In every inland city there is more or less trouble during the extreme dry spells. Just now Joliet and Aurora are complaining. Both cities are looking for relief through the opening of new wells.

Break in Canal Banks.—A serious break in the banks of the Illinois and Michigan canal has occurred between Ottawa and LaSalle, and as a result all traffic will be tied up for some time. The break is thirty-six feet long and twenty feet deep and will require three weeks to make necessary repairs.

Swarm of Bees Entered House.—A swarm of bees gained possession of the A. M. Dickens home in Cedar Falls, Ia., Saturday, entering the house by way of the chimney and started housekeeping in the fire place. The Dickens family, not caring for so many roomers, chased them out, they then went to the home of William Combs, where they are at present and refuse to leave.

Nine Employees Drown.—Nine members of a party of fourteen United States engineers and other government employees were drowned near Madrid, Mo., last Sunday afternoon when the U. S. survey boat, Beaver, which the party was aboard, was capsized in a wind storm.

Wreck Near Clinton.—Seven men were killed and another probably fatally injured in the wreck of a freight train on the Chicago, Milwaukee and St. Paul railroad near Clinton, Ia., Sunday.

Drown in Missouri River.—Kenneth Lewis, aged 22; Loren Walker, 18 and May Secrist, all of Kansas City, Kans., and a young woman, name unknown, were thrown into the Missouri river, near Parkville, Mo., when their motorboat capsized Sunday afternoon. They were swept down the stream and it is believed all were drowned.

Drown in Whirlpool Rapids.—Donald Roscoe, aged 10 years, and Hubert Moore, 9 years, both of Buffalo, N. Y., went to their death in a small boat late Sunday afternoon in the whirlpool rapids. The boys were playing in a flat bottom scow, half a mile above the rapids, when the rope holding the boat broke and they were carried down the river. All efforts to save them were in vain.

Executrix.

I. O. O. F. BAEGE.

Monday morning the committee of arrangements for Illini Lodge I. O. O. F. anniversary celebration received the badges which are to be worn by Odd Fellows who attend. They are made up of a button attached to a short ribbon, on each button is a genuine photograph of the new temple of Illini lodge, above it are the words "I. O. O. F. Temple" and below it "Jacksonville, Illinois." The inscription on the red ribbon in letters of gold is as follows "1838-1903 Dedication of new temple and 75th anniversary of Illini Lodge No. 4, I. O. O. F. Jacksonville, Illinois, June 25th to 27th, 1913." The badges are so well and artistically executed that they will serve as handsome souvenirs of this important occasion.

Walter Houston, C. A. Moss, George Taylor and John Stanley were among those in Jacksonville Monday from Cracker's Bend.

Woman Is As Old As She Looks

No woman wants to look old. Many in their effort to look youthful resort to the "beauty doctors" prescriptions. Their mistake is that they visit the wrong department in the drug store. Beauty depends upon health. Worry, sleepless nights, headaches, pains, disorders, irregularities and weaknesses of a distinctly feminine character in a short time bring the dull eye, the "crow's feet," the haggard look, drooping shoulders, and the faltering step. To retain the appearance of youth you must retain health. Instead of lotions, powders and paints, ask your druggist for

DR. PIERCE'S Favorite Prescription

This famous medicine strikes at the very root of those enemies of your youthful appearance. It makes you not only look young, but feel young.

Your druggist can send you a trial bottle or tablet form and send 50 cent stamps to Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and that box will be mailed you.

A STRONG REFERENCE.
A young man recently applied for a position with a large printing house, and not having a letter of reference, offered his bank book. It showed a regularity of entries of deposit. It was a very strong recommendation, indicating character and persistency, which finally secured for him a good position.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

MARKET TENDENCY TOWARD RECOVERY

ATTEMPTS OF TRADERS TO COVER REVEAL A SCARCITY OF STOCKS.

By Noon the Entire List was Higher But in the Latter Half of the Day Trading Grew Dull and Prices Eased Off Gradually.

(By Associated Press.)
New York, June 23.—It was the opinion of many traders today that Saturday's heavy selling of stocks had been overdone and that there was no sound reason for such a severe decline as that which brought last week to a close. There was in consequence a tendency towards a recovery which was evident today as soon as the market opened. Attempts to cover revealed a scarcity of stocks. By noon practically the entire list was higher with gains running up to 3 points in the case of Union Pacific and Canadian Pacific. In the latter half of the day trading grew dull and prices eased off gradually from the top.

President Wilson's message to congress on the currency question had no perceptible influence on the market. This was probably due to the fact that delivery of the message was preceded by publication of the currency bill itself. It is in the detailed plan set forth in the bill that Wall street's chief interest lies. Further showing down in general business was indicated by the fortnightly report on the freight rate.

An increase of nearly 11,000 idle cars was shown.

THE PEOPLE ALL

A Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has been found who will deny that HERPICIDE does the work well, for the information of thousands of people who like to know about a good thing, we would say that HERPICIDE means a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Rheumatic Blood is Whole Story

Wonderful Specific for Sciatica, Lumbago, and a Cure for Dreaded Articular Rheumatism.

There is a host of pills, powders, tablets and what not for rheumatism, but they all lack the first essential to being a natural medicine. To begin with, rheumatism is simply a name given to designate a variety of pains, and can only be reached by irrigating the entire blood supply with a naturally assimilative antidote. True, the pains may be eased with narcotics or the acids may be neutralized for the time being with other acids. But these merely temporize and do not even lead to a cure. There is but one standard rheumatism remedy, and it reflects the best thought of the day. It is prepared in the great Swift Laboratory in Atlanta, Ga., and sold in all drug stores under the name of S. S. S. at \$1.00 a bottle.

Starvation has been advocated by many as a cure for rheumatism, and yet S. S. S. accomplishes in fact what fastidists proclaim in theory and without the punishment of starvation. Hot springs and sweating are often recommended, but S. S. S. does all that is expected of such expensive and weakening methods.

It is conceded by the closest students of the subject that rheumatism is caused in most cases by an acid condition of the blood and aggravated by the remedies commonly used for relief. In other cases rheumatism is the result of nerve depression; in still others it is the effect of some toxic blood condition, having been treated with mercury, iodides, arsenic and other poisonous mineral drugs. The recoveries of all these types of rheumatism by the use of S. S. S. is a wonderful tribute to the natural efficacy of this remarkable medicine, for it is assimilated just as naturally, just as specifically, and just as well ordered as the most acceptable, most palatable and most readily digested food. Do not fail to get a bottle of S. S. S. today. You will be astonished at the results. If your rheumatism is of such a nature that you would like to consult a great specialist confidentially, write to The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga.

How to Remodel Last Year's Suit.

There are a good many modernizing touches which any home seamstress could give to last year's linen suit, and if you want to go to the expense of having a tailor remodel it he can do so in a way that will make it look like new.

This year, like every year, shows plenty of straight tailored coats, slightly double breasted, with regulation coat sleeves and notched collars. They are little different from the plain tailored coat of last year, excepting they bulge a little more perhaps about the waist. But the more elaborate coats are, most of them, single breasted, and any tailor could make a single breasted coat of a double breasted one by cutting away the old coat and inserting a figured silk, crepon or cretonne waist coat or one of contrasting material in plain color.

These little waistcoats, reaching a little below the waist and ending in points or belted into a belt of the same material, which looks or buttons loosely, are seen in many of the new coats. They are stitched at the edges to make them flat and to help them keep their shape, and they are generously decorated with tiny pearl buttons or with soutache in silk braid.

Another modernizing touch is the binding of silk braid. Many an old coat really looks well excepting that it has sagged a little about the bottom, and the edges look worn or shiny from laundering. Many of the new coats are bound about the edge with braid, which also binds the collars and cuffs and which is stitched down one or two seams of the skirts. The old coat could be trimmed where it has sagged so that it is even again and then bound with braid, either black or of a darker shade of the color of the suit.

The braid binding, of course, makes washing of the linen suit difficult. Dry cleaning can be as easily applied to the braid as to the linen. A black satin collar, another popular feature of many of the season's suits, with cuffs to match, helps to make it unnecessary to wash it, and, for that matter, so does the braid binding, for it is always the collars and cuffs and the edges of the coat which first show soil.

HOW TO ARRANGE A BUTTERFLY PARTY.

At this season of the year, when country places are looking their prettiest, why not have the children's party out of doors? Instead of boisterous games a butterfly hunt would be a pleasant form of entertainment.

Butterflies of all colors may be made of paper and hidden in the shrubbery, among the flowers and in other places that will suggest themselves. Have one golden butterfly concealed in an especially good place.

Give each child a bag made of tulle or muslin and tell her to hunt for the butterflies. Have a prize for the one finding the greatest number and one particular prize for the child discovering the golden butterfly.

Refreshments served on the porch will please the little folks and may be made appropriate for the occasion.

How to Clean a Carafe.

Every housekeeper who owns a cut glass carafe has been up against the proposition of cleaning out the deposit on the inside. Hot water, besides being extremely bad for the glass, is of little avail, even if it be very soapy. Here is a process which takes but a few moments and is very satisfactory: Place in the bottle a teaspoonful of hydrochloric acid or spirits of salts; manipulate the bottle so that every portion of it shall be thoroughly rinsed. The deposit, no matter how hardened, will be removed immediately. When the carafe has been thoroughly cleaned rinse well in clear water.

How to Make Raspberry Sauce.

For this use one pint of raspberry juice, two teaspoonfuls of flour or one of cornstarch, one-half cupful of sugar and four eggs. Beat the eggs well and mix the flour with a little water till smooth, then put all into a saucepan with the sugar and the juice. Set in another pan of boiling water and stir constantly till the sauce thickens. A few crushed berries may be added if desired. This is a good sauce for use with any simple pudding.

How to Clean Silver Quickly.

Put a handful of salt or soda in any aluminum vessel (pan or dish), place the silver to be cleaned in this dish, cover with water, lift out and rub dry with linen towel. The silver will be brighter than if silver paste or polish were used, and this method takes less time.

How to Embroider Buttonholes.

If the large eyelets in French embroidery are first worked in outline stitch, as one would a stem, and then cut out and embroidered they will hold their shape much better.

MAY ESTABLISH FREE GOLF LINKS AT NICHOLS PARK

Plan Is To Lay Out Course South of Lake—Committee Will Solicit Funds.

It is entirely possible that public golf links may be established at Nichols Park as Messrs. A. M. Masters, J. G. Reynolds, F. E. Baldwin, Wilfred Ayers and J. W. Hubble are as a committee specially agitating the establishment of such links. It is the intention to secure a fund by private subscriptions sufficiently large to pay for laying out a five hole course on the ground south of the lake, to maintain it and pay the salary of a custodian. It would not be possible for the commissioners to establish such a course out of park funds but it could be done in this way in a number of other cities public courses are established and maintained by special subscriptions. In such cases any person whose character is vouched for by the commissioners in charge of the park can enter for play by simply presenting a card to the custodian in charge. It then becomes the duty of the custodian to see that the players start in the order of their application. In this respect in the cities the task is greater than it sounds. For example on memorial day a new record for attendance at golf links was set at Jackson Park in Chicago. By 4 a. m. of that day 200 players had lined up for their checks. An hour later the number was 450 and before the day closed 1500 had made application for their authority to a start. On the same day 1157 people played at Garfield Park.

The establishment of links at the park is certainly desirable. As it is now Jackson Park devotees of the sport, if they play at all, must go to Springfield or somewhere else but the great advantage would be in the fact that any reputable citizen could have the use of the links and golf is recognized to day as one of the most healthful sports known. To those who watch and know nothing of the game it seems somewhat insipid but for those who play it means enjoyment and a vast amount of healthful exercise.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detch's Relief for Rheumatism has given my wife wonderful benefit from rheumatism. She could not lift her foot, had to be lifted for two months. She began to use of the remedy and recovered rapidly. On Monday she could not move and on Wednesday she got up, dressed herself, and walked out for breakfast." Sold by L. P. Allcott, druggist.

FINAL SPECIAL TAX NOTICE.

In the matter of the special tax of the city of Jacksonville for the construction of a vitrified pipe sewer on Duolin avenue, Cox street and Dunlap street.

Notice is hereby given to all persons interested, that the Board of Local Improvements of said city has heretofore filed in the county court of Morgan county, Illinois, in said cause, a certificate showing the cost of the work, the amount reserved for interest, and also that the improvement has been constructed in substantial conformity to the requirements of the original ordinance therefor.

The hearing to consider and determine whether or not the facts as stated in said certificate are true, will be held in said court on the 26th day of June, A. D. 1913, at 9 o'clock or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

JOHN G. LOOMIS FELL BENEATH CAR IN PEKIN.

Body Was Not Touching Rails and He Escaped Without Injury.

Friends of John G. Loomis will be interested in reading of an accident which recently befell him in Pekin and from which he had a miraculous escape.

"J. G. Loomis, member of the revenue force, and one of Pekin's well known citizens, had a narrow escape while returning home for supper last evening. He came up from the distillery on the street car, and near Prince street got off to go to his residence. As he stepped down from the car he fell between the rails. The car passed over him before it could be brought to a stop, and the passengers were badly frightened, believing he had been either killed or badly mangled. The car was backed from over him, and he was assisted to his feet apparently uninjured. His miraculous escape is explained by the fact that he fell in such a way that neither his hands or his feet or head touched the rails. It was an exceedingly close call and the passengers breathed a sigh of relief when it was discovered that he had not been seriously injured."

EVERY STREET IN JACKSONVILLE

Has Its Share of the Proof That Kidney Suffers Seck.

Backache? Kidney's weak? Distressed with urinary ills? Want a reliable kidney remedy? Don't have to look far. Use what Jacksonville people recommend. Every street in Jacksonville has its cases.

Here's one Jacksonville man's experience.

Let G. V. Skinner, of 853 South East street tell it.

G. V. Skinner, blacksmith, 853 South East street, Jacksonville, Ill., says: "I am convinced that Doan's Kidney Pills are the best kidney medicine to be had. One of our family suffered a great deal from kidney weakness and backache and was relieved in every way, by Doan's Kidney Pills."

Mr. Skinner is only one of many Jacksonville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Skinner had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

TO ATTEND MAYORS MEETING.

Mayor George W. Davis will leave today for Springfield and after a brief visit will leave for Rockford to attend the annual meeting of the Illinois Association of mayors. At this convention mayors from a large number of Illinois cities gather annually and each year discussions on municipal questions are of increasing interest. Such matters as municipal lighting, water supply, sewerage and various matters relating to the control of franchises are discussed.

It is true that women more frequently suffer from kidney trouble than men. It is also true they suffer more intensely, owing to their more sensitive organism. Katherine L. Norton, New Bedford, Mass., says: "I had a terrible pain across my back, with a burning and scalding feeling. I took Foley Kidney Pills as advised, with results certain and sure. The pain and burning feeling left me. I felt toned up and invigorated. I am glad to recommend Foley Kidney Pills." They are tonic in action, quick in results. J. A. Obermeyer, City Drug Store.

MORTUARY

Nunes.

The funeral of the late Manuel Nunes was held Sunday afternoon at 2:30 o'clock from the Northminster church, where a large company of friends gathered to pay respect to his memory. The services were in charge of Rev. Walter Spooner, pastor of the church, who preached an able sermon and spoke feelingly of the deceased. He mentioned that one brother of Mr. Nunes preceded him by three months and another by six months. Suitable music was furnished by a quartet—Mrs. James A. Scott, Mrs. Jennie M. DeFreitas, John Day and J. H. Vasconcellos. Interment was in Jacksonville cemetery and the bearers were Alfred Wharton, Alfred Souza, Manuel Souza, Newton Angel, Charles R. Knollenberg and James A. Scott. The deceased was a member of Camp 912 and members of the lodge were the bearers and the M. W. A. service was used at the grave. Carl Joaquin was venerable counsel, Vincent Vieira, adviser, and John N. Joaquin, master of ceremonies.

Jones.

Fred A. Jones, aged 34 years, died at the Jacksonville State hospital Sunday morning at 11:55 o'clock. The deceased was a former resident of Arenzville. The remains were taken to the Reynolds undertaking establishment and Monday morning were sent to Carthage, accompanied by his brother, H. W. Jones.

Abell.

Heber Abell, who has been seriously ill for the past few days at his home, 326 South Mauvalter street, died Monday night at 6:15 o'clock. For the past two years he had been in poor health, but had only been confined to his bed for a week. Although he had not been strong for so long a time he still continued to work at his trade as linesman for the Bell Telephone company. His sudden passing away comes as a great shock to his loved ones and friends.

The deceased was the son of Mr. and Mrs. Jacob Abell and was born in this city, Oct. 22, 1893, being in the 20th year of his age. He received his education in the public schools, but did not finish the high school. He was an industrious young man and always took a great interest in his work. He was also an enthusiastic baseball fan and took a great delight in the game. He was a member of the local White Sox team, playing third base. The last game he played was a month ago at Ashland. Heber possessed a good disposition and made true friends wherever he went and he was always willing to help them along in every way he could. He will be missed in the family circle and among his many friends who will extend their sincere sympathy to the loved ones in their great sorrow.

Besides his parents he is survived by five sisters, Mrs. Margaret Maggart of Springfield, Mrs. Charles Redding, Mrs. Charles Massey, Mrs. Edith Harding and Miss Ethel Abell of Jacksonville, also four brothers, Monroe, Edward, Roscoe and Thomas of Jacksonville.

The funeral services will be held from the family residence Wednesday afternoon at 4 o'clock in charge of Rev. W. L. Dorgan of the First Baptist church. Interment will be made in Diamond Grove cemetery.

White.

Mrs. William White died at 11:45 Monday morning at her home four miles east of Chandlerville, aged 36 years, 1 month and 12 days. Her infant daughter passed away at the home Monday afternoon at 4 o'clock.

The deceased was born at Old Princeton May 11, 1877 and her maiden name was Nettie Fuller. She was the adopted daughter of Mr. and Mrs. C. T. Berry and resided in Litterberry until her marriage to William White, February 5, 1905. She is survived by her husband, one sister, Mrs. Jennie Moss and two brothers, William H. and Newton Fuller, all of this city. She was preceded in death by one sister.

Funeral services will be held Thursday afternoon at 2:30 o'clock at the Arcadia church in charge of Rev. E. P. Gish, pastor of the Litterberry Christian church. Interment will be made in the Arcadia cemetery.

Hunter.

Mrs. Elizabeth Hunter, formerly Miss Elizabeth Stanley of this county, died Saturday morning at 3:30 o'clock at her home, Huntington, Ind., after a brief illness. Her husband Jos. E. Hunter, died Dec. 12, 1895. She was the daughter of Mr. and Mrs. Richard Stanley of Jacksonville and was born and reared in this community. After her marriage the family lived in Ashland until 1902 when they moved to Huntington, Ind. Brief funeral services were held at Huntington, Sunday morning and there remains arrived here Monday morning and were taken to Williamson and Cody's undertaking parlors, and in the afternoon sent to Ashland. Besides her parents she leaves two brothers residing in this county, William and Philip Stanley.

Leib.

D. C. Leib, a well known resident of Scott county who lived two miles west of Riggsburg, died Sunday night. He was 60 years of age and a farmer by occupation. His wife died a number of years ago. He leaves one daughter, Mrs. Arthur Bush, who lives on the home place, where Mr. Leib passed away. No funeral arrangements have been made.

Miss Mary Agnes Gaines, daughter of Charles T. and Emma Gaines of Litterberry, died Sunday afternoon at 4:15 o'clock at the Jacksonville State hospital, where she had been a patient for the past week. The deceased was born in Morgan county, August 28, 1890, and was a member of the Litterberry Christian church. She is survived by her parents, two brothers, Arthur of Nebraska and Charles LeRoy of this county, and three sisters, Edith, Ida May and Ethel Gaines of Morgan county.

Ingram.

Irvin Charles Ingram, Jr., the infant son of Mr. and Mrs. Irvin Ingram of Los Angeles, Calif., passed away at noon Monday at the home of his grandparents, Mr. and Mrs. E. A. Kelley, 307 East Michigan avenue. The deceased was born in Peoria, July 10, 1911, and later the family moved to California. Mrs. Kelley was called here in March on account of the death of her brother, Roy Kelley, and while here the child was taken ill.

Mr. Ingram was expected to arrive in the city from Los Angeles, Calif., last night and arrangements for the funeral will be announced later.

Kitner.

Mrs. E. N. Kitner of 438 East College avenue died Sunday afternoon at 2:15 o'clock from typhoid fever. She had been sick more than ten weeks but bore her suffering with Christian patience and resigned fortitude. She had realized the nearness of her death since Saturday evening when she called for and gave to each member of the family a parting word of advice and comfort.

Mrs. Kitner was born in Jacksonville Jan. 19, 1856. Her maiden name was Mollie Letton, the daughter of Caleb and Mary E. Letton. She married E. N. Kitner Aug. 25, 1885. The first nine years of her married life which she spent on a farm near Jacksonville was the only portion of her life spent out of the city. Mr. and Mrs. Kitner have occupied their present residence on East College avenue eighteen years and ten months. The deceased was a staunch member of the Central Christian church and a woman of most exemplary character. She was a faithful Christian, a devoted wife and mother and a woman who discharged every duty she undertook with conscientious fidelity. She was an earnest worker in the C. W. B. M., Pastoral Helpers and Sunday school.

Mrs. Kitner is survived by her husband and three children, Mrs. Bess Goodrick, wife of H. A. Goodrick of 148 East College avenue, and Dorothy and Henry at home. There is one grandchild, Harry Albert Goodrick. She had five sisters, four of whom are still living. They are Mrs. C. H. Beans of Burlington, Kan., Mrs. L. R. Gilmore of Springfield, Mrs. H. A. Fox of Covert, Mich., and Mrs. J. H. Crouse of East College avenue. Mrs. Anna Stubblefield, her other sister, passed away several years ago. Her two brothers, John and James Letton, have preceded her in death also. Her father passed away Aug. 16, 1898, and her mother June 27, 1894. All the near relatives with the exception of Mrs. Beans, who is prevented by illness, are in Jacksonville to attend the funeral. Mr. and Mrs. A. R. Runkle of Peoria and Mrs. Roy Smith of Decatur are among the relatives present to attend.

The funeral will be held this morning at 10 o'clock from the residence. It will be in charge of Rev. Clyde Darsie, assisted by Dr. G. W. Miller of Woodson. Burial will be made in the Jacksonville cemetery.

Dainty styles in ladies' wash dresses, linens, rattines, lawns, ginghams and tissues, white and colors in new models, very special values, \$1.00 to \$7.50. F. J. Waddell & Co.

ANNUAL OUTING OF ANTI-HORSE THIEF ASSOCIATION. At the next regular meeting of the A. H. T. A., sub-order No. 158 on Saturday, June 28, at 2 p. m., the main subject for discussion will be the annual outing of the association. All members are urged to be present to discuss the nature, time and place of holdup, this outing and reunion of anti-horse thieves.

RETURNS TO SCHOOL WORK. Friends of G. H. Wilkinson, formerly principal of the Jacksonville High school, will be interested in knowing that he has decided to give up business he has been engaged in since leaving here and will re-enter school work. He has just been appointed principal of the township high school at La Grange at an excellent salary. Supt. Furr received a letter yesterday from Mr. Wilkinson telling of his good fortune.

IS CUTTING WHEAT. Jack Robinson, who resides southwest of the city, started to cut wheat Monday. He has in about fifty acres and thinks it will yield fifteen bushels to the acre.

FUNERAL NOTICE. Funeral services for Charles Wilson will be held this afternoon at 2 o'clock from the late residence on Lincoln avenue. Interment will be made in Diamond Grove cemetery.

SOCIAL EVENTS.

Mrs. Daniel L. Clark, who resides near New Berlin, has issued invitations to a party to be given at her home Saturday in honor of Miss Mattie Capps of this city.

A party in honor of Miss Marguerite Morrissey of Billings, Mont., was given at 8:30 Monday evening at the home of Mrs. J. J. Bergschneider on South Diamond street. Miss Morrissey has just been graduated from the academic department of Notre Dame university at Notre Dame, Indiana. She will depart tomorrow for Normal where she will visit Miss Cynthia Rieck, formerly of this city after which she will go to Chicago to join her aunt and proceed from there to her home in Billings. The young ladies present at the party enjoyed an evening of music, games and recitations. Light refreshments were served. Those present were Misses Flora Loneragan, Barbara Gebert, Edna Walsh, Marie Worfolk, Marcelline Armstrong, Mary Sloan, Mary Sullivan, Nellie Sullivan, Marguerite and Helen Butler and Louise White.

The Pleasant Hour club was delightfully entertained by Mrs. Sarah Gray, at the home of her daughter, Mrs. E. C. Carpenter on Hardin avenue, Monday afternoon. Topics of vital interest were participated in and enjoyed by all. Mrs. Carpenter and little daughter Joyce, furnished the musical numbers. Dainty refreshments were served by the hostess. The next meeting will be held in July at the home of Mrs. Emma McFall, 200 Johnston street.

GREAT COMEDY CIRCUS.

De Dir's Great Comedy circus at Scott's Hippodrome is proving a big entertaining feature and people were waiting in line last night to gain admittance to the new popular play house. Mr. Scott made no mistake when he booked the attraction. Aside from the circus there was a splendid picture program and all together its a great combination for ten cents.

OKLAHOMA LAWMAKERS RESUME WORK

Oklahoma City, Okla., June 23.—After a three weeks' recess, taken in order to give the committees time to catch up on their work, the Oklahoma legislature reconvened at noon today. The general appropriation and general revenue bills and marriage, health and road measures are ready to be reported and hopes are entertained of getting them through promptly. The general appropriation bill carries \$1,000,000 a year.

MATRIMONIAL

Herring-Thompson.

Harry R. Herring of this city and Miss Louise Thompson of Virginia were married Sunday afternoon at 5 o'clock at the Thompson country home, five miles south of Virginia, in the presence of only the members of the two families. The ring ceremony was used and the ceremony was performed by Rev. A. N. Simmons, pastor of the Virginia M. E. church. The decorations were in pink and white and the bride wore a gown of pink and white embroidery. After the ceremony a wedding luncheon was served.

Mrs. Herring, who is a daughter of Mr. and Mrs. R. G. Thompson, is well known in this city, having visited here a number of times. She is an accomplished musician and was for three years a student at Valparaiso university. Mr. Herring is son of Mr. and Mrs. H. C. Herring of Winchester and for the past three years has held a position at the Lukeman Brothers clothing store. He is a graduate of the Winchester high school and of the Brown's Business college. Both have a wide circle of friends who will extend their best wishes.

Mr. and Mrs. Herring expect to leave in a few days for a three weeks automobile trip in the west and on their return will make their home at 136 Sandusky street.

SUNDAY AT BROOKLYN.

Brooklyn church had its usual inspiring service Sunday night. There was a fine attendance to enjoy the splendid musical numbers as well as the service. Mrs. Thomas Harber gave Gounod's "The Light of Heaven" with very unusual effect. Lenton Matthews playing the violin obligato and Miss Lucile Johns pianist. Edward Johnson was also heard in a pleasing solo. The sermon was on the historic character of Job and Pastor Alkire brought out some very strong points applicable to modern life.

DANGER LURKS IN JULY

FOURTH FIRE WORKS

State Fire Marshal's Office Sends Out Bulletin of Warning.

Chief of Fire Department Wood has received from F. R. Morgaridge acting state fire marshal, a bulletin of warning relative to the Fourth of July. These bulletins are being sent broadcast throughout the state to fire marshals and others in the hope of calling attention to the danger of fire from Fourth of July fire works.

The bulletin includes a copy of an ordinance adopted by the city council of Bloomington controlling the sale and discharge of Fourth of July supplies and fixing the amount of fire works which any merchant may carry in stock as \$500. In addition the bulletin has the following suggestions:

"With the approach of the Fourth of July it is well to call your attention to the fact that many serious fires are caused each year by a two enthusiastic celebration of Independence day. A proper and sane celebration of this day is one of the serious problems which concerns us at the present time. Fire works are dangerous playthings and should be used with the greatest caution. Every year much valuable property is destroyed, many people injured and many lives lost by the careless use of fire works. There are some kind of fireworks the use of which should be prohibited at all times and under all circumstances. Among these are the cannon crackers, fire balloons, toy pistols, toy cannons and revolvers firing blank cartridges. Private citizens throughout the state of Illinois should take extra precaution previous to the celebration of Independence day and all yards and premises should be cleared of rubbish, cellar doors and windows should be kept closed and stables and barns opened only when necessary, so that falling sparks may not cause serious fires.

"In many cities the sale of dangerous fireworks is prohibited by law, but the common firecracker, the Roman candle or the skyrocket may cause serious damage if they are not handled properly. I beg to call your attention to the following ordinance passed by the city council of the city of Bloomington and which might well be adopted by all of the cities in this state.

PAST MONTHS DO NOT HOLD MORGAN COUNTY DROUGHT RECORD

George H. Hall Gives Interesting Weather Figures—Greater Rain Fall Since March First Than During Several Years of the Past Eighteen.

Most Morgan county people who have been sorrowing about the long dry weather and who have felt almost certain that there would be an entire crop failure in Morgan county have been equally sure that this was the worst drought for twenty years at least. George H. Hall, weather observer for the United States has, however, produced some records which prove how unreliable is the memory of men. Mr. Hall's figures prove that during three different years which he has chosen from the records of the past eighteen that the rainfall has been less from March 1st to June 20th than was true this year. For the period mentioned the rainfall in 1900, 1901 and 1911 was much less than in 1913 and during several other years of the eighteen the record was below ten inches (thus approaching very closely the 1913 figure.

Mr. Hall's interesting figures and his comment thereon follow:

"The drought of the last few weeks has been broken by a rainfall of more than 2.00 inches since Saturday 4 p. m. Here is some comparative data on the rainfall for the crop season which begins March 1st, and in this case will end June 20th of each year, as that was the day before the present rain began to fall. You can draw your own conclusion as to which was the driest season in the last eighteen years. These four years are the lowest, although some other years had less than ten inches in same period of time.

	March	April	May	June	Total
1913	5.46	2.97	.66	.06	9.15
1911	1.55	4.21	2.25	.09	8.10
1901	2.75	1.34	.70	1.29	6.08
1900	1.47	1.11	2.75	.42	5.75
